

Raffle Prize - Not A Boaring Bit!

I was delighted to win a mug with a white boar on it after the business meeting on October 14th last year, kindly donated by Janet Long. On the back are listed the five different kinds of boar used in Chinese horoscopes, followed by a list of the characteristics of people born in one of the years of the boar.

I could hardly believe how appropriately they describe King Richard III! See if you agree:-

“The tolerant, conscientious boar is a good conciliator, and likes to serve others. Honest, courageous and generous, the boar is a patient, steady worker who seeks harmony, but can be naive.”

Richard in a nutshell.
