

Worcester Cathedral Library

Our branch had a tour round this Library in 1995 and greatly admired the wonderful collection of early books. Now the Library is urgently appealing for money for cataloguing its valuable collection of printed books, medieval manuscripts and archive material, and for cleaning and refurbishing much of the material.

It is asking people to Adopt a Book to raise the money. All the names of people making donations and any special messages will be recorded in a commemorative book.

A donation of £25 adopts any book printed after 1700, £50 adopts any book printed between 1601 and 1700, £100 adopts any book printed between 1501 and 1600, and a donation of £200 adopts any book produced before 1501.

I have some forms available or you can telephone 01905 28854 for further details. An excellent idea for a Christmas present!
